

ANAS NAKHUDA

Computer Engineering Student | Data Science & AI/ML Developer

Gandhinagar, Gujarat | +91-7861967146 | anasnakhuda788@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Final-year Computer Engineering student with hands-on experience in Python, data analysis, and machine learning through two internships and multiple projects. Built end-to-end data science applications including a RAG document intelligence platform and an AI-powered route planner. Comfortable with EDA, model building, and deploying ML solutions using Streamlit. Looking for Data Science opportunities where I can apply my skills to solve real-world problems.

EDUCATION

B.E. in Computer Engineering

2023 – 2027

LDRP Institute of Technology and Research, Gandhinagar | CPI: 7.98 / 10

TECHNICAL SKILLS

Languages: Python, SQL, C++, HTML, CSS, JavaScript

Data Science / ML: NumPy, Pandas, Scikit-learn, TensorFlow, Keras, OpenCV, Matplotlib, Seaborn

Frameworks / Libraries: Streamlit, Flask, LangChain, FAISS, HuggingFace Embeddings

Database: MySQL

Tools / Platforms: Git, GitHub, Vercel, Netlify, AWS (basics), Jupyter, Figma

Core CS: Data Structures & Algorithms, OOP, DBMS, Operating Systems

Coding Profiles: [GitHub](#)

EXPERIENCE

Data Science Intern — Cognifyz Solutions

May 2026 – June 2026

Remote

- Worked on applied data-science tasks covering data cleaning, exploratory analysis, and model building on real-world datasets.
- Delivered each task as a well-documented Jupyter notebook with clear visualizations and conclusions.

Data Science Intern — Syment Technologies

Apr 2026 - May 2026

Remote

- Completed a task-based data-science internship: cleaned and explored datasets (Titanic, Iris, Netflix), built visualizations, and trained baseline ML models.
- Shipped 5 tasks end-to-end using Python, Pandas, Scikit-learn, and pushed all work to GitHub.

PROJECTS

DocPulse AI — RAG Document Intelligence Platform

June 2026

Python, Streamlit, LangChain, FAISS, HuggingFace, Google Gemini API

- Built a production-grade Retrieval-Augmented Generation (RAG) platform for fast, cited document intelligence from PDF, DOCX, and TXT files.
- Implemented local HuggingFace embeddings (all-MiniLM-L6-v2) with FAISS vector indexing for efficient semantic search across uploaded documents.
- Integrated Google Gemini API for LLM synthesis with streamed answers and direct page/source citations to reduce hallucination.

EcoRoute AI — Smart Route & Weather Advisory Agent

July 2026

Python, Streamlit, LangChain, Google Gemini, OpenWeather API, Folium

- Developed an AI-powered travel assistant that plans routes, fetches real-time weather, and generates intelligent travel advisories using Google Gemini.
- Integrated CO₂ emission estimation per trip, interactive map visualizations with Folium.
- Implemented trip history persistence and modular architecture with separate agents, tools, and components layers.

Emotion Recognition — Deep Learning Web App

Mar-Apr 2026

Python, TensorFlow, Keras, OpenCV, Flask, CNN

- Built a deep learning-based web application that detects human emotions from facial images using a CNN trained on the FER-2013 dataset.
- Trained a Convolutional Neural Network to classify 7 emotions (Angry, Happy, Sad, Surprise, Neutral, Fear, Disgust) with real-time prediction.
- Deployed the model through a Flask web interface allowing users to upload images and get instant emotion predictions.

CERTIFICATIONS

- Python for Data Science — NPTEL
- Machine Learning Onramp — MATLAB
- Machine Learning — AcmeGrade
- ML Bootcamp — DAIICT
- ERTE 2025 (Gujarat-level IEEE technical event) — IEEE
- Data Science Intern — Cognifyz Solutions (Internship Certificate)
- Data Science Intern — Synent Technologies (Internship Certificate)

ACHIEVEMENTS & EXTRACURRICULARS

- IEEE Member (Year 2025) volunteered at ERTE 2025 and represented IEEE in multiple college events and campaigns.
- Finalist — Marwadi Intellify Hackathon 3.0.
- Attended Odoo Experience 2025 to stay current with industry tools and practices.
- Attended ML'2025 Bootcamp in DAIICT.
